STUDENT SUPPORT SERVICES

## TRIO SSS Disability Services

### Examples of Disability Services

- General information about campus procedures and services
- Consultation with faculty and facilitation of classroom and testing accommodations
- Note taking services, Recording of class lectures, Tutoring

As a college student with a disability, you will find that the process of requesting accommodations in college is somewhat different from the process used in high school. In college it is your responsibility, not the Counselor's or that of your parents, to do the following:

- Once you are accepted into the COTO TRIO SSS program if you have a disability and want accommodations please have your health care provider complete the Health Care Professional Form.
- Request accommodations as early as possible.
- Work with the TRIO SSS Academic/Disability Specialist to identify reasonable, appropriate accommodations.
- Meet the same academic standards and code of conduct requirements as other students at COTO.
- Meet with the TRIO SSS Academic/Disability Specialist periodically throughout the semester to evaluate your academic progress and needs.
- Update your request for accommodations by visiting the TRIO SSS Academic/Disability Specialist each semester. This visit may be about an hour.

### How to Request TRIO SSS Disability Services

1. Schedule an appointment to meet with the TRIO SSS Academic/Disability Specialist (Walk-ins Welcome). The visit may be about an hour.
2. Bring the completed Health Care Professional Form
3. Follow the outlined sequence to receive TRIO SSS disability services.
